

Services:

Additional services located on our campus include the Missouri River Medical Center Hospital and Emergency services, Nursing Home, the Benton Medical Clinic, Laboratory, Radiology and Physical Therapy departments. Our staff will assist in managing medical appointments and transportation is available as needed.

Eligibility:

A person is not eligible for assisted living if they have advanced dementia and are unable to participate in decisions about care or are at risk for wandering, or behave in ways that put the safety of others at risk, or who need 24 hour nursing care. Our facility is handicap accessible and wheelchairs are accepted as long as the resident can transfer without assistance. We are a licensed facility, Medicare/Medicaid approved. There is limited funding available on an individual basis upon application to the State of Montana. For the health and safety for all, Missouri River Medical Center Personal Care is a smoke free facility.

What is MRMC Assisted Living?

Thank you for your interest in Personal Care at Missouri River Medical Center. We would like to share with you what our assisted living facility has to offer.

Our Personal Care units are located on the campus of the Missouri River Medical Center. With its separate entrance, patio and dining area, each of our six units have a spacious living area with a private bath. Residents are encouraged to furnish their apartments with personal belongings to truly make it their home. The facility is staffed 24 hours a day. Services include assistance with bathing, dressing, supervision of self-administered medications, laundry and linen service, and housekeeping. Dietary needs include 3 meals and snacks per day with attention to specialized diets. Each of the units is equipped with fire and emergency call systems and monthly services include any maintenance, utilities, and cable TV.

Find peace of mind knowing we monitor your health and well being daily. Through an initial care conference and every 3 months or as necessary, each residents care needs are reviewed and developed into a personalized service plan.

A resident can relax in the privacy of their own apartment or if they prefer be assisted to any of the planned recreational and social events that interest them. A sample list of activities include exercise programs, games, cards, current event discussions, entertainment socials, crafts, gardening, outings, church services and Bible study groups. There is a barber and beauty shop on location as well.

We feel that Personal Care assisted living facility at Missouri River Medical Center is the ideal home for those who still want to maintain a feeling of independence with the security of knowing help is always there.

Should you have any further questions or would like to schedule an appointment or take a tour of the facility, please feel free to call anytime at 406-622-3331. We look forward to showing you all that we have to offer.
